Dear Sponsors and Supporters,

May 2024

In this newsletter, we would like to share with you a sample of a correspondence letter, that you may receive from your student(s), sometime this year. Standard 1-3, 4-7, Form 1-4, and Form 5-6, will all have different questions that were asked of them. For example, Jimmy Dausen was asked what his sponsor could pray about for him, and he responded that he would like good patience. Debbie is Jimmy's sponsor, and she gave permission to share her responses to him in this newsletter. She has two siblings, a grandma of an 11-year-old boy (Jimmy is 12), loves to spend time with her horses, served in the U.S. military, and she would like prayer for her health.

She is among many sponsors who don't correspond with their students, regularly. And, that is okay. Yet, sometimes, a personal connection is the very thing that is needed for a student to keep pursuing an education. This encouragement may be a deciding factor to stay in school. It shows students that they are not alone, they are being prayed for, and there is accountability. Sometimes, our experiences and careers can give them the fortitude to not give up. So, if you are interested in corresponding with your student(s), it does not have to be time consuming or difficult. You can email a quick message and a picture (If you want), send a WhatsApp or Messenger text, or send a simple letter to the address on the bottom right. We will send it on to our contact at the schools, and then print up your message of hope to your student(s). I will attach the guidelines for the correspondence letters in this email or you can check them out on our website: [sakilasponsorship.org](http://sakilasponsorship.org). Thank you so much for giving students more opportunities in life. And, giving them a life filled with hope in Christ Jesus.

*"Blessed be the God and Father of our Lord Jesus Christ! According to his great mercy, he has caused us to be born again to a living hope through the resurrection of Jesus Christ from the dead....." (1 Peter 1:3-6)*
