Dear Sponsors and Supporters,

June 2012

You are so amazing to us. The way you respond to the need blesses not only the children and families of Sakila, but it blesses our hearts as well. It reassures us that we are not doing what we have thought up in our own minds, but the work that God has planned for us to do. In April, we shared the need to increase the amount we send to the schools each month because of the drop in the value of the dollar. You responded to that need by quietly, discretely, adding a few extra dollars to your monthly giving. With this, we have been able to meet the increased cost of maintaining the schools. We thank the Lord for you. You have given from your hearts in response to the prompting of the Spirit. We learned a long time ago that obedience is better than sacrifice. So, we are grateful to all of you — whether you are able to give much or little. We remember the inestimable value Jesus put on the widow's mite. [Mark 12:41-44] Thank you!

*Nice Lazaro is one of three children in her family. They have had a very tough life with a lot of illnesses in the family. Unfortunately her mother passed away last year and in the wake of her passing, their father decided to take the children to their grandma. Nice's father works in town trying to make a better life for the children, but it is hard on all the children. Even though Nice has struggles at home, she tries very hard to learn and she's doing well. She loves school and she's very helpful around others. When asked what she wants to be, Nice said "... I'd like to be a doctor for babies someday."*  
~ Story by Patrick, translated by Godwin

Nice has kept up with her class, which is remarkable considering what she has been through. It speaks of her intelligence and determination. She is in third grade this year. Your investment in the lives of these children is worth every penny you are sacrificing to give.

Good news — it has been raining in Sakila! Thank you so much for your prayers. If it keeps up they will get a crop shortly. Another PTL: through the generosity of an anonymous donor and God's guidance we have acquired property adjacent to the Secondary School that will make an ideal place to build student dorms. Students are required by the Government to live on campus during their last two years of school. Here again our Lord is going ahead of us to provide before we even ask. On the left is a photo of the rebar that is required to make the foundation for the second story of one of the Secondary School classroom buildings. That stuff is expensive! We are so grateful to the family who donated the funds

to build five of these classroom buildings! It's our joy to be a part of what God is doing in Sakila. We hope you feel the same joy because you are all a part of this miracle. Thanks to the students of Gateway Christian Schools, Poulsbo Dental Center, and others who are making hats and earrings, selling them and donating their earnings to the children of Sakila. We are amazed at the way everyone is working together to help. Thank you so much! One more prayer request: please pray for the containers to reach Sakila. They contain 15 tons of much needed rice and many gallons of cooking oil, all needed before June 9th.

In Christ's love,

*Gene & Forraine Anderson*

The Sakila Sponsorship Program is a certified 501(c)(3) Charity. All donations are tax deductible. Please make checks payable to the Sakila Sponsorship Program (S.S.P.) or pay securely using your credit or debit card by going to [www.sakilasponsorship.org](http://www.sakilasponsorship.org) and clicking on the 'CONTACT INFO & DONATIONS' button.
