Dear Sponsors and Supporters,

September 2014

We just returned from a wonderful time of refreshment, visiting sponsors and supporters in Montana and Wyoming. It blesses us to know how deeply committed you all are to what God is doing in Sakila. These children have the potential to be a source of hope for the future, well beyond the confines of their small village. Each child holds promise to be a positive influence for good to untold numbers of their countrymen. Here are two "Dear Sponsor" letters describing the goals of two of the Secondary School students:

*I hope that everything is going well and me I am enjoying being at school and learn because I get knowledge from my teacher. Also I like the subject which our teacher taught us and my favourite subject is Physics.*

*My education mean that I will get knowledge and I will reach to my goal. I like to be Pilot when I finish my studies in order to travel people from one place to another.*

*All in all I like to thanks for you because you have contribute to my fees in order to study well. I would like to say thank you and Godbless you.*

*~ Godbless Daudi Mbise*

*My name is Johnson Naiman Nnko and my tribe is Mmeru. I started at Hebron Secondary School. And in the school I like my favorite subjects, English, bookkeeping and commerce and I like English because this subject improve my language. In my family we are five children and I was third born in my family and I was born in 1995 so, I am 17 years old.*

*I hope with plessure to advise you I continour to study hard in my subject. In last week we are in National Examination and I hope that I will pass to go in form three (ed. This will be his 10<sup>th</sup> year of formal education) class. And I like to be a business man.*

*Thank you dear sponsor. I wish you all the best. God will help wherever you are.*  
*~ Your, Johnson Naiman*

Thanks so much for giving these students the gift of education so they have a path to realize their goals. In October we'll be taking a group that includes a chemistry teacher. He will use his time at the Secondary School to teach microchemistry to specific staff. This will enable them to perform experiments using fewer experiment materials, thus lowering cost and easing disposal difficulties. Please pray that our trip will be very productive and beneficial.

For those sponsors and supporters in the Port Angeles and Sequim areas, we look forward to seeing you on September 13th at Bethany Pentecostal Church, in Port Angeles, at 508 S. Francis from 1:30 p.m. to 4 p.m. We will be able to catch up on the latest news.

*Gene & Serraine Anderson*

The Sakila Sponsorship Program is a U.S. Federally recognized 501(c)(3) charity. All donations are tax deductible. Please make checks payable to the Sakila Sponsorship Program (S.S.P.) or pay securely using your credit or debit card by going to [www.sakilasponsorship.org](http://www.sakilasponsorship.org) and clicking on the 'CONTACT INFO & DONATIONS' button.
