March 2020

Dear Sponsors and Supporters,

The letter to the right is from Agape Malaki Nnko to her sponsor in the United States. As you can see, she is overjoyed and thankful that her sponsors have written to her. Agape was born December 20, 2004, and she is 15 years old, in Form 2. History is her favorite subject, and she likes to play netball and eat rice. She lives with her parents who are farmers, about 1.24 miles from the school. Agape would like to become a police officer. This is an example of the information we are receiving about the student(s) at school. We thank Joel (Pic to the right), for taking on the responsibility of creating a database for this need. This encouragement from Anna (her sponsor), through this challenging time of education and sacrifice, may give Agape the perseverance to continue. There is comfort in knowing that we are not alone in our endeavors. If you would like to offer encouragement and hear directly from your student(s); please direct all your letters, cards, emails, and pictures to the address in the bottom, right corner. Correspondence will be taken every October, and the letters from your students, pictures and updates will be sent out to you when I return. There is an explanation of how to correspond with your child(ren) at the bottom of the Documents and Newsletter section in our online website. (sakilasponsorship.org).

Energy for Learning!

Thank you so much for those who have given their resources for rice, beans and corn already. We still have a way to go in purchasing all the food necessary to feed 1200 students and staff for the year. If you are able and willing to send a bit extra for this need, the cost is \$20 per 50 pound bag of rice. We need 24 tons! This is 960 bags of rice alone. Your help would be greatly appreciated.
